LANGUAGES

English
B1

Web Developer with over 3 years of experience in designing, developing, and implementing scalable web solutions. Expertise in Java, Python, and JavaScript, as well as frameworks such as Vue, React, Angular, Spring, and Django. Proficient in version control with Git and unit testing, with knowledge of software patterns and architectures, as well as relational and non-relational databases.

WORK EXPERIENCE

NEURON KIDS

(December 01, 2022 - Present)

Web Developer

Development and maintenance of English teaching applications and solutions for children, built using Django (Python) and React (JS), utilizing Metabase, Docker, and PostgreSQL as the database engine.
